To Whom It May Concern:

I agree with Darla Hulse who said, "People who want that filth can find it on their own. You don't have to cater to them. Let the rest of us have a vote on keeping decency! Please!"

We want media that is clean for all ages with appropriate, family language. Get rid of profanity. Get rid of immodest dress and attire. Get rid of violence. We don't want to worry about what we will see or hear when we turn on the television.

Those of you who represent us need to clean up what's being shown on television including commercials. Let's get rid of indecent, embarrassing, and violent programs.

Sincerely,
Linda W. Jones
